

2013 - and still a victim of Judicial Conspiracy! Bernie Tocholke, Bruno, MN

PLEASE, IS THERE ANYBODY THAT CAN GET ME IDEAS? HOW CAN I GET NATIONAL PUBLICITY WITHOUT GETTING FORCED INTO BURNING A FLAG? SOLVING THE ERROR IS THE MISSION.

THE PROBLEM: Back in 2002, the Kenosha Court system with the help of a vindictive attorney concocted an egregious error for my income. **It was double** of what the banks and IRS accepted as being my income. To see the facts go to, www.screwedkenoshastyle.com which is my website, which was started **AFTER** I was wrongfully incarcerated the first time. Once at the website, scroll down on the graph until you see “Judge Mary K. Wagner” on the left side. Click on her square, then, click on “Is she Just?” To study the error, read the first 5 pages. I am about \$140,000 wrongfully in arrearages!

THE RETURN FIGHT: I am NOT an attorney, nor can I afford an attorney. Public Defenders do NOT get provided to Family Court victims. Therefore, I have to fight the system without help. I have appealed numerous times and always have been rejected. In fact I filed documents all the way up to the United States Supreme Court, and there I have been rejected too. I exhausted my efforts to everyone I could think of, from hundreds of politicians to many media publicity avenues, and still have never received a cure. Listen to my talk show interviews on my website. I have even written 3 books on what happened in my judicial experience.

1. **“TORN ASUNDER, In The Jaws of a Cult”**, the secret inside look of what it was like within a cult which in the end told my wife to leave me. Read how the Cult taught to literally beat their children black & blue to break the child’s spirit so they can be useful to God. Medicine & doctors were condemned which resulted in abuse and death. Read how they “murdered” a man by trying to attempt pushing his hernia back inside him which was the size of a volley ball!
2. **“THE BLACK ROBE CONSPIRACY”**, is the account of how things transpired in the court system (in sequence). There is a lot of information on my website which is more splattered than this direct course of how things happened and with much more detail. Judge Wagner literally ran out of the courtroom as I entered it for my hearing. Judge Schroeder declared that **he approved in principals beating children with sawed-off golf clubs, and would NOT call it child abuse!**
3. **“WRONGFULLY SHACKLED”**, is my experience of the events and situations of what happened in the Kenosha County Jail. Is it lavish? Or is it despicable?

I have tried everything except creating a flag burning scene. I think it would get national publicity but is that my ONLY option? Please respond if you have any ideas that will work. If I am demonstrating in Washington, DC please contact me directly. I will NOT burn a flag until after I get rejected from the WI Supreme Court. After that I will do the demonstrations out of a survival zeal and necessity.
